Our Katrina experience was:

We had evacuated to Florida on Sunday, August 28th. We returned to Waveland early Tuesday morning. We had no idea what we were coming home to, because at that time no information was coming from Harcock County. What we came home to was unbelievable. It looked like a bomb went off in our small town on back →

Write something special that you would like Santa to bring you or your family:

We would take any and everything. We have lost everything so anything would be greatly appreciated. We have used our FEMA money to repair our home and did it ourselves. We are in need of furnishings, t.v.-anything. We just want our home and our lives back.

Please use back or another sheet of paper, if you want to write more. We want to hear your story.

Return by November 30th to:

Mayor's Office, City of Waveland, P. O. Box 539, Waveland, MS 39576

we received approximately 8 ft of water in our home. We live about 2 miles inland and no where near a flood zone. Of course like many others, we do not have flood insurance.

When we came home, we did not know what to do. We did not have idea we were coming home to no where to live. My husband's whole family lives in Waveland and all of them had lost their homes too. We did not know where to turn. We had to leave immediately as it was not safe or sanitary in Waveland. We stayed on the road for approx 3-4 wks traveling from city to city and trying to find gas. We were staying in campgrounds, parking lots and shopping centers. We finally found a place in Foley, AL to stay. We traveled back and forth to Waveland repairing our home for about 2 wks until we got our FEMA trailer and that's where are now.
